Dear School Owner and Interested Party:

The National Accrediting Commission of Career Arts and Sciences (NACCAS) is pleased to announce that on March 10, 2016, the U.S. Department of Education renewed NACCAS' recognition as a nationally recognized accrediting agency for another five years. Both the Department staff and the National Advisory Committee on Institutional Quality and Integrity (NACIQI) recommended the renewal. Recognition reflects the U.S. Department of Education's determination that NACCAS meets the rigorous standards for accrediting agencies established by the Department and, further, that NACCAS is a reliable authority regarding the quality of education offered by the institutions it accredits.

This five year renewal of recognition, the maximum renewal term available to an accrediting agency, reflects the Department's appreciation for the hard work that the NACCAS Commissioners, staff, and the schools perform in improving the quality and success of U.S. postsecondary education.

NACCAS is a national agency for the institutional accreditation of postsecondary schools and departments of cosmetology arts and sciences and massage therapy throughout the United States and its territories. It presently accredits approximately 1,400 main and additional location institutions. These schools offer over thirty (30) courses and programs of study that fall under NACCAS' scope of accreditation.

Reminder to NACCAS-accredited schools: Your school's email address may be important to NACCAS as a part of the requirement that you are able to receive all official communications relevant to your accreditation. Before you unsubscribe make sure that NACCAS has a valid email address for your school.
