Dear School Owner and Interested Party:

As your national accreditor, NACCAS cares about your operational well-being. In light of the severe weather-related disasters facing your region, we want to ensure you have everything you need in order to successfully continue to operate and provide academic excellence to your students. In order to point you in the right direction to assist you during this current disaster, we encourage you to consult Policy VIII.01 - Instructional Space and Facilities: Policy on Disasters in the NACCAS Handbook. Not only does this policy outline the critical steps to ensure your continued accreditation compliance, but it also provides you with a manner in which you may qualify for temporary relief from compliance with NACCAS standards and other accreditation requirements if your institution has been affected by Hurricane Matthew. However, immediate notification to NACCAS of such disasters is a must. Thus, please **find attached the NACCAS [Policy VIII.01 - Policy on Disasters](#)** for details.

Also, please remember to direct any disaster-related inquiries or concerns to:
