Dear School Owner and Interested Party:

A very stressful time for some during the accreditation process is preparing for an on-site evaluation and possibly having to respond to limitations. For new schools going through the accreditation process or for schools who have been accredited for many years, preparing for an on-site evaluation can appear to be challenging; however, with proper preparation and staying on top of notifications from NACCAS, preparing for an on-site evaluation can be less stressful than anticipated.

In order to assist schools with preparing for a visit and responding to any applicable limitations, we will be offering a webinar on December 18, 2014 at 2:30pm EST to address these topics. This webinar is recommended for school owners, school directors, institutional accreditation liaisons, or any school personnel that may play a role in a school's accreditation process. To register for this webinar click on the following link: [Visit & Limitations Webinar](#).

If you have any questions about the webinar please contact Alicia Williams at the following email address awilliams@naccas.org

Reminder to NACCAS-accredited schools: Your school's email address may be important to NACCAS as a part of the requirement that you are able to receive all official communications relevant to your accreditation. Before you unsubscribe make sure that NACCAS has a valid email address for your school.
