

## Appendix A

Example: Chart of Data from Main Campus and Additional Locations

*Such a chart is only required if your annual report combines data from a main campus and additional locations.*

Institutions are reminded of the following:

- (i) If your institution had an additional location that voluntarily relinquished (or otherwise lost) its accreditation, but had students that were scheduled to graduate in 2015, those students should still be included in your 2015 (data) Annual Report unless they meet one of the exemptions detailed on pages 8-9 of the 2015 (data) Annual Report Instructions.
- (ii) If your institution has a main campus or additional location that is currently accredited, but did not have any students scheduled to graduate in 2015, you should still include the campus in your chart. The data for items 1-6 would be "0" for this campus.
